Each of these items must be marked on score card. It would behoove each and every registrant to insure these items appear on scorecard to insure their scorecard is not disqualified. In the event of a tie, winner will be determined as prescribe in the aforementioned - Rules of Poker. Should for some reason a tie persist, a simple coin toss will decide winner.

If for whatever the reason, a registrant is missing a card(s) in their scorecard, they may purchase a drawn card at the place designated to turn in their scorecards. This drawn card(s) will cost \$5 each, over and above any other costs. This service is only available to registrants who have visited at least ONE poker run stop and their poker run scorecard is properly marked as outlined in these rules.

If for no other reason, a registrant wishes to participate but cannot visit any of the designated poker run stops, they may register for the standard registration fee for riders/drivers plus a \$15 surcharge. This can be done at any time registration is available up to and including the place where all scorecards are turned in at the end of the Poker Run.

An inaugural patch has been created to commemorate this event. Each of the first 50 registrants shall receive this patch free with their paid registration. This is offered only to riders/drivers, not passengers. All others may purchase this patch if they so desire. Only 100 patches have been created. You are strongly urged to register early as possible. It is important to NOTE: Only the first 50 PAID registrants will receive patch.
